This is the second letter which I have written  
to you but you never have answered them  
yet, by every steamer that comes from Colum  
bia I always ask some of the best letter from  
papa please for me, I would like to  
have a letter from you because I love  
you very much. I wish you would come  
here to see me because I have not seen  
you since I was very little and do not  
remember you. I heard that Tulio and  
Pedronell have a store I remember them  
very much, tell Tulio I remember the stor  
ies which he used to tell me when  
he was here, and tell Peter that I do  
not forget how he used to fool with  
me and laugh.

I wish you and all the family a

me to write one or better.

Give my love to Conquista and her sister  
and all my friends and mother, Margaret
